WORK EXPERIENCE

Trainee Embedded Software Engineer

July 2025 - present

Phytec Embedded Pvt Let, Bengaluru, India

- Built backend modules for a Smart City IoT platform using Java Spring Boot, improving real-time data handling by 30
- Developed a Face Recognition Admin Portal (Spring Boot + React), enhancing data access and workflow efficiency by 40
- Automated employee logs, live status, and Excel exports, reducing manual efforts by 70
- Optimized MySQL queries and REST APIs, improving system response time and reliability.
- Collaborated with hardware and cloud teams to deliver end-to-end functionality.

PROJECTS

E-Commerce Website Development | Spring Boot,MySQL,Reactjs

- Built a full-stack e-commerce app using **Spring Boot + React**, improving UI responsiveness and performance.
- Designed REST APIs and optimized SQL queries, reducing page load time by **30%**.
- Automated order and inventory workflows, reducing manual operations by **50%**.
- Added analytics dashboards to track sales patterns, improving business insights by **15%**

Coal Mine Safety System and Alerting System with Helmet using Rugged Board A5D2X | Python,Things Board,A5D2X Rugged Board

- Built a real-time safety system using **Rugged Board A5D2X** for underground hazard detection
- Integrated **MPU6050** motion and **MQ-7** toxic gas sensors, increasing detection accuracy by **40%**.
- Added **NEO-6M GPS** worker tracking, increasing emergency response efficiency by **25%**.
- Implemented MQTT–ThingsBoard cloud monitoring, improving alert visibility and safety by **30%**.

EDUCATION

2025 Master of Computer Applications

CGPA: 7.5

Rathinam Technical Campus, Coimbatore, India

2022 Bachelor of Computer Applications

CGPA: 7.23

Sri Kaliswari College, Sivakasi, India

SKILLS

| | |
|---------------------|-------------------------------|
| Programming | Core Java Python |
| Web Development | HTML/CSS JavaScript React |
| Database Management | MySQL PostgreSQL MongoDB |
| Technology | Git GitHub ThingsBoard |
| Backend Framework | Spring Boot |

CERTIFICATIONS

- **Core Java and J2EE** – Accord Info Matrix
- **Career Essentials in Software Development** – Microsoft & LinkedIn
